

# The Light Source

## 1/2 inch Pipe to 1/2 inch Bolt Adapter

This adapter allows you to use readily available 1/2" steel water pipe to make custom length hanging adapters. The square shape allows you to tighten these to the pipe with a crescent wrench instead of a pipe wrench. The adapter is made from aircraft grade aluminum.

**Working Load Limit**

125 Pounds

**Hardware**

1/2" -13 tpi by 1" hex head cap screw and our 1" OD Belleville spring washer.

**Dimensions**

1" by 1" x 1.5" long
