The Light Source
15" Mega-Truss Pick

The Mega-Truss Pick has a top and a bottom rigging hole for attaching the truss to a shackle, motor, or chain hook.

The Mega-Truss Pick will suspend up to one ton of truss load, plus an additional one ton load suspended under the truss.

Fits 5/8" shackle and larger. 1" x 6? × 16-3/8" 6061T-6 Aluminum CNC machined with pockets to support one piece of 15" truss. Truss is secured by two aluminum pivoting links, half inch swivel bolts, and our solid wing nuts.

Working Load Limit	One Ton
Case Quantities	Each
