The Light Source
Plasma Universal Mount Set-2

The Plasma Universal Mount supports a plasma or LCD screen on pipes, 12" truss, or 20.5" truss.

One Slim-Coupler and one Adjustable Slim Coupler are provided per mounting bar. The set of two mounting bars are bolted directly to the plasma screen with two 8mm or 10mm bolts per bar. (Bolts are not included.)

The support bolt holes are drilled for the 50, 100, 150, 200, 300, 400, 600 mm VESA Standards.

The Plasma Universal Mount is available in silver or black finish. A version to fit Global truss is also available.

Working Load Limit	250 Pounds
Hardware	None Supplied
Dimensions	28" x 4" x 1"
Weight	6.4 Pounds
