The Light Source
Mega-Slim Swivel Coupler

The Mega-Slim Swivel Coupler is a light weight option for less demanding rigging needs. It is half the thickness (1") of our standard Mega-Coupler and weighs 30% less; yet fits the same range of diameters as the Mega-Coupler.

The Mega-Slim Swivel Coupler will fasten from 1-1/4" pipe (1.66 OD) to 2.050 OD Truss Tube. It has a flat sided solid wing nut for easy fastening of the coupler to the pipe or tube.

Minimum Size	1-1/4" pipe (1.66 OD)
Maximum Size	2.050 OD Truss Tube
Working Load Limit	500 Pounds
Weight	1.2 lbs.
Case Quantities	12
