

The Light Source

90 Degree Fixed Mega-Coupler XL

The XL 90 Degree Fixed Mega-Coupler has a solid plate to join the two Mega-Couplers together. This stronger version eliminates twisting or rocking due to vibrations. The plate with hardware is also available for combining two Mega-Couplers into a fixed 90 degree coupler. The kit has hardware to make either a XL 90 degree coupler or XL swivel coupler. from two of our Mega-Coupler Hex pocket clamps

Working Load Limit 1100 Pounds
