

# The Light Source

## TC Plasma Mount

The TC Plasma Mount is used to hang a plasma or LCD screen on a box truss or pipe. A pair of mounts are provided, one for each side of the screen.

The screen is easily bolted to the TC Plasma Mounts with 6mm, 8mm, or 10mm bolts. (Bolts are not included.)

The support bolt holes are drilled on 25 mm centers to match the 50, 100, 150, 200, 300, and up to 400 mm VESA Standards.

The TC Plasma Mount fits 1.5" OD - 2" OD Tube.

<b>Dimensions</b>	1 x 4 x 26.8
<b>Weight</b>	4.95 lbs.
<b>Case Quantities</b>	Sold as a Pair
